

:ANAPURNA

One Family. Unlimited printing Applications.

:Anapurna combines convenience with versatility. It allows you to enter the era of digital printing with an unlimited number of ways to profit. From printing on small objects to producing dramatic outdoor displays. Agfa developed :Anapurna for customers who want to grow their business by expanding their capabilities or who want a cleaner, more profitable way to handle silk screen and digital printing applications. It is Agfa's solution for customers who want to get ahead and stay ahead.

Billboard printing

:Anapurna ... Empowering Print

Profiting from Print

The printed image is everywhere. Now there's a machine that lets you take advantage of everything that's printed. Just look around - at home or at the office - beverage coasters, DVDs and CDs, art reproductions and decorated wood, even mirrors and doors. Everything that can be printed should be an opportunity for profit. Now it can called one of the most versatile wide-format inkjet printing system on the market.

Fashion store displays - backlit

Looking after your Profitability

:Anapurna delivers speed and reliability to boost profitability. It includes a color management system that lets you capture offset, silk screen or flexo color qualities, or create a whole new array of vibrant color that will dazzle your clients and turn every head. It prints directly on just about any material - paper, cardboard, self-adhesive materials, wood, metal, glass, vinyl, film, canvas and more. It prints with the richest, deepest black inks and the whitest of whites. There's no mounting, no waiting, no remakes. It uses UV ink for faster drying, material versatility and a wide color gamut. It prints cleaner than other printing technologies, even other inkjet digital systems. So while you're making more money with : Anapurna, you'll be lessening your impact on the environment.
