

UV inkjet C³-systems printer for indoor and outdoor signs and displays.

:Anapurna M

Top quality printwork for photorealistic indoor and outdoor signs & displays

:Anapurna M is a C³ printer that offers graphic screenprinters, sign shops and photo labs vivid colours, very high image quality, smooth tints and images with no visible “noise”.

The very sharp text is positive in all colours. Anapurna M is designed for POP, displays, posters, banners, fleet displays, exhibition panels, stage graphics, construction announcements, ad panels and so much more.

This uv-curable engine stands for high quality printing on rigids as well as on roll media at widths of up to 160 cm (63 inch) and at speeds of up to 15 m²/h.

Robustness and outstanding image quality at a very affordable capital investment level makes this a top quality printer.

:Anapurna M
